30-DAY CONTRACT EXAMINATION PERIOD – The *contract holder* has 30 days from the date the contract is received to read the contract and notify the *Insurer* in writing if he or she is not satisfied. For Quebec residents, this 30-day period begins after the *contract holder* receives the Distribution Guide. At the request of the *contract holder*, the *Insurer* will terminate the contract, and this termination will take effect as of the date the contract came into force. This date is indicated in the SPECIAL CONDITIONS of your Accirance contract. - 4) *hospitalization*.

3. CONTRACT YEAR AND CONTRACT ANNIVERSARY

Each one-year period following the effective date of a contract corresponds to one contract year. Contract anniversaries fall on the dates marking the beginning of each new contract year. The *Insurer* determines these anniversaries starting on the date the contract takes effect.

4. EFFECTIVE DATE

- 1) When the *contract holder* takes out Accirance over the telephone or on-line, the contract takes effect the next day.
- 2) When the *contract holder* takes out Accirance by completing the Insurance Application, the contract takes effect on the date the *Insurer* receives the Insurance Application.

5. DURATION OF CONTRACT AND RENEWAL

The duration of the contract is indicated in the most recent SPECIAL CONDITIONS. Thereafter, unless otherwise notified by the *contract holder*, the contract is renewed automatically provided that the premiums are paid.

The *contract holder* authorizes the *Insurer* to use the information submitted in the Insurance Application to manage his or her file and remind him or her of the contract renewal. The *contract holder* also authorizes the *Insurer* to collect new particulars from a third party, should the need arise.

6. PREMIUM

- 1) When the contract is signed, the *contract holder* authorizes the *Insurer* to deduct the periodic premium required to maintain his or her contract in force. The *Insurer* can deduct this amount from the *contract holder's* chequing account or from the latter's credit card account.
- 2) The *contract holder* has a period of 30 days to pay any required premiums, except the initial premium. His or her contract remains in force during this period. The 30-day period does not apply when the *contract holder* has indicated that he or she wishes to terminate the contract.

- 3) The premium payable is based on:
 - a) the age of each *insured* on the effective date of the contract or its subsequent renewal date;
 - b) the gender of each *insured*.
 The premium is also based on the option and frequency of payment selected by the *contract holder*. The required premium is indicated in the most recent SPECIAL CONDITIONS.
- 4) The premium can be subject to certain conditions determined by the *Insurer* when taking out insurance.

7. AGE OF INSURED

This is the age of the *insured* at the time of the event giving rise to a *benefit*.

8. BENEFITS

- 1) Only an event that occurs while the contract is in force may give rise to a *benefit*.
- 2) The payment of any *benefits* is dependent upon the various conditions of the contract being met. Also, the amount of the *benefit* is based on the conditions in effect at the time of the event giving rise to the *benefit*.

9. CLAIMS

- 1) All claims must be submitted to the *Insurer* in writing within 30 days of the event giving rise to a *benefit*. Claims must be sent to the following address:

**Desjardins Financial Security
Case postale 520, succursale Lévis
Lévis (Québec) G6V 6R2**

- 2) The *Insurer* may request any information, proof or other document deemed necessary to examine a claim. This information, proof or document must be provided to the *Insurer* within 90 days following the date of the claim.
- 3) A claim will not necessarily be refused if the person does not submit the claim for *benefits* or the proof and information required within the time specified. However, a valid reason for missing the deadline must be presented. In such cases, the required documents must be sent to the *Insurer* within the year following the date of the event giving rise to the claim.
- 4) When a claim is submitted, the *Insurer* reserves the right, at its expense, to have the *insured* examined by a health professional. This health professional will be chosen by the *Insurer*.
- 5) The *Insurer* does not pay any *benefits* when a claim includes omissions or misrepresentations, whether or not they are fraudulent. Anyone who receives amounts to which he or she is not entitled must repay them to the *Insurer* at a reasonable rate of interest determined by the *Insurer*.

Exclusions:

The *Insurer* will not pay any claims under \$5.00. Furthermore, the *Insurer* will not pay any *benefits* unless it has first obtained the authorization required for the collection and disclosure of personal information. This authorization can be given by:

- 1) the *contract holder*; or
- 2) any other individual who claims to have rights to the *benefits*.

For information, you can also call the following number during regular business hours:

- Everywhere in Canada (toll free): 1-877-886-5042

10. PAYMENT OF BENEFITS

The *Insurer* pays the amounts provided for in this contract as follows:

- 1) in case of reimbursement of expenses incurred, to the *contract holder*;
- 2) in case of the death of an *insured*:
 - a) to the *contract holder*, if he or she is alive; otherwise

- b) to the designated beneficiary, if he or she is alive; otherwise
 - c) to the legal heirs of the *insured*;
- 3) in case of payment of other *benefits* for an *insured*,
 - a) if the *insured* is under age 18 on the *benefit* payment date, to the *contract holder* if alive; otherwise, to the *insured's* legal guardian;
 - b) if the *insured* is age 18 or over on the *benefit* payment date, to the *insured*.

11. COORDINATION OF BENEFITS

If an *insured* is covered under more than one insurance plans (private or public), the total amount of benefits that he or she may receive can never exceed the expenses actually incurred.

If an *insured* is covered under one or more plans that do not provide for coordination of benefits with other plans, the *insured* must first be reimbursed by these other plans. The *Insurer's* responsibility is then limited to the portion of expenses that are not reimbursed under these other plans.

If the other plans include a provision regarding the coordination of benefits, benefits will be divided proportionally between these plans and that of the *Insurer*, based on the amounts that should have been paid under each plan.

12. BENEFICIARY DESIGNATION

The *contract holder* may designate a beneficiary using the appropriate form. Beneficiary designations are valid for the duration of the contract if they are sent in writing to the *Insurer* while the *contract holder* is alive. More than one person can be designated. The *contract holder* may also change the beneficiary by notifying the *Insurer* in writing. However, the *Insurer* is not liable for the *contract holder's* choice of beneficiary.

13. CURRENCY

The amounts indicated in the contract are in Canadian currency. For eligible expenses incurred outside Canada, the *Insurer* uses the exchange rate in effect at the time the *benefit* is paid.

14. EXCLUSIONS AND LIMITATIONS

- 1) **Benefits are not payable** under the contract in the following cases:
 - a) if the *accident* results directly or indirectly from an intentionally self-inflicted injury or attempted suicide, while the *insured* is sane or insane;
 - b) if an illness, an impairment or infection contributed to the bodily injury;
 - c) if the bodily injury is due to an illness or an infection contracted accidentally;
 - d) if the bodily injury is due to a complication or other events resulting from a *treatment*;
 - e) if the *accident* results from war, whether war be declared or not, a riot, a revolution or an act of terrorism;
 - f) if the *accident* occurs while the *insured* is participating in any criminal act or related offence;
 - g) if the *accident* results from the *insured's* participation in one of the following activities:
 - i) gliding or hang gliding;
 - ii) parachuting;
 - iii) climbing or mountain climbing;
 - iv) underwater diving;
 - v) bungee jumping;
 - vi) rodeo;
 - vii) go-karting;
 - h) if the *accident* occurs while the *insured* is:
 - i) taking part in a sporting activity for which he or she is paid;
 - ii) taking part in a motor vehicle competition;
 - iii) training for a motor vehicle competition;
 - i) if the *accident* occurs after the *insured* has abused medication or alcohol or if the *insured* has traces of drugs in the blood. Abusive

use of medication is that which exceeds the dosage recommended by a health specialist. Abusive use of alcohol is that which results in a blood alcohol level equal to or above 80 mg of alcohol per 100 ml of blood;

- j) with regard to clauses 22 to 26, for the portion of the *benefit* and expenses incurred that are payable by:
 - i) any government body; or
 - ii) any other private insurance plan;
 - k) if the expenses are incurred more than 104 weeks after the *accident*;
 - l) if the care or services are provided by a person who is related to the *insured* or the *contract holder*;
 - m) if the *accident* is solely the result of *treatment*, surgery or anesthesia;
 - n) with regard to the hospital and paramedical coverage, if the trip is taken for the purpose of receiving:
 - i) *treatments*; or
 - ii) hospital services;
- This exclusion applies even if the trip is on the recommendation of a *physician*;
- o) in the event of accidental death, *dismemberment* or *loss of use* occurring more than 52 weeks after the *accident*. This exclusion does not apply if the *insured* is in a coma at the end of this period. In this case, the *Insurer* will determine the *benefits* payable, where applicable, at the end of the coma.

2) Multiple contracts

- a) If an *insured* is covered under several Accirance contracts with a cost-free period, he or she is entitled to *benefits* under only one of these contracts. If there are several contracts with a cost-free period to consider when determining a *benefit* amount, the *Insurer* will select the most advantageous one.
- b) At any time, regardless of the number or type of Accirance contracts in force for one *insured*, this *insured* is entitled to *benefits* under only two of these contracts. The *Insurer* considers the two most advantageous contracts when determining the *benefits* payable. However, in conformity with the above, only one contract with a cost-free period will be taken into consideration for the payment of a *benefit*.

15. TERMINATION OF COVERAGE

The contract terminates in either of the situations described below:

- 1) when the *contract holder* sends a written request to the *Insurer* to terminate the contract;
- 2) when the *Insurer* sends a cancellation notice to the *contract holder* and, for any premiums subsequent to the initial premium, the 30-day period for premium payment has elapsed.

For coverage that does not include death *benefits*, the *Insurer* terminates the coverage when a claim for *benefits* is received containing fraudulent statements or omissions. In this case, the coverage terminates the first day of the contract month following the month in which the *contract holder* is notified in writing that such coverage will be terminated.

16. RESPONSIBILITIES OF THE CONTRACT HOLDER

The *contract holder* must notify the *Insurer* of any change regarding his or her address, as well as of any change regarding the financial institution where he or she does business for payment of the premiums. If the *Insurer* is not notified of these changes and is unable to collect the premiums, the *Insurer* will assume that the *contract holder* wishes to terminate the contract. Coverage will be terminated at the end of the 30-day period provided for in this contract.

17. CONTRACT HOLDER'S RIGHTS

The *contract holder* may not:

- 1) assign this contract (transfer its ownership); or
- 2) hypothecate the contract (assign it as collateral).

18. RIGHT OF SUBROGATION

By enrolling, the *contract holder* agrees that the *Insurer* automatically acquires the right to prosecute the perpetrator of the damage in the *contract holder's* name and at the *insurer's* own expense, up to the amount of benefits it paid out.

19. AMENDMENT AND CANCELLATION OF CONTRACT

At renewal, the *Insurer* may amend or terminate the contract provided that all Accirance contracts in the same category are also modified or cancelled. The *contract holder* must also be notified at least 30 days in advance. In the case of changes, it will be assumed that the *contract holder* has accepted these amendments 30 days following receipt of the notice.

The *contract holder* may, at any time, ask the *Insurer* to terminate or amend the contract. To do so, he or she can contact the *Insurer* by telephone or in writing.

When the *contract holder* asks the *Insurer* in writing to terminate or amend the contract, the request will take effect on the date it is received by the *Insurer*. When the *contract holder* asks the *Insurer* by telephone to amend the contract, the request will take effect the next day.

The effective date of the change, however, is different if the *contract holder* submits a request during a renewal period. Thus, if the *contract holder* requests an amendment during such a term, that amendment will not take effect until the start date of the next period of insurance. Similarly, if the *contract holder* asks the *Insurer* to terminate the contract during a *renewal period*, the contract will not be terminated until the closing date of the current period of insurance.

Moreover, when a contract is amended, the *Insurer* will either increase or decrease the premium:

- 1) on the date the amendment takes effect; and
- 2) based on the number of days remaining until the next renewal.

When an amendment leads to an increase in the premium, the *contract holder* must pay the amount of the increase in order for the amendment to take effect.

If the *contract holder* terminates the contract, the *Insurer* will reimburse the unused portion (in days) of the premium. An administrative fee will be deducted by the *Insurer* from the refund amount.

Exclusion:

The *Insurer* will not reimburse any premiums if the *Insurer* has already accepted a claim under the contract.

20. INSURANCE IN CASE OF DEATH, DISMEMBERMENT, FRACTURE OR LOSS OF USE

21.INSURANCE IN CASE OF NON-ACCIDENTAL DEATH

The *Insurer* pays a *benefit* if an *insured* aged over 14 days but under 25 years dies a non-accidental death. If the *insured* is covered under the Regular Accirance, this *benefit* is \$4,000; if the *insured* is covered under the Superior Accirance, it is \$16,000.

Exclusions:

The *Insurer* pays no *benefit* if the death occurs during the 12 months following the effective date of this coverage and is the result of:

- 1) suicide, or
- 2) a health problem for which the *insured* received one or more *treatments* during the 6 months prior to the effective date of the contract or the date the *insured* was added to the contract.

These conditions also apply during the 12 months following any increase in the amount of insurance under this coverage when such an increase was requested by the *contract holder*. They also apply again after any reinstatement of this coverage following a period of interruption.
